

# November Newsletter 2021

Dear Parents,

During the month of November, our fruit of the spirit will be Goodness. As a class, we will discuss people, places, and things that the children think are good. We will learn about the seasons, what we are grateful for, and November's special holiday. The students will make centerpieces and placemats for Thanksgiving Day. Afterwards, we will discuss the many blessings we are thankful for.

The color of the month is yellow, shape-triangle, and the topic nutrition/health. We will go over each subject with the children and practice getting familiar with identifying each one. We are excited to see the personal growth in our students in the next few months.

We pray this month you see the goodness of God poured out into each one of your life's.

God's Blessings,  
Mrs. Jessie, Ms. Annabeth, and Mrs. Lisa
